Instructions

The next page serves as the guide on how to name your files and what should be present and inserted.

Objective:

Create a simple mobile app UI consisting of three screens Login, Sign Up, and Dashboard using React Native.

Task:

Design and build the UI for the three screens below. This is a UI/Design activity, so the focus is on layout and appearance (no need for read backend or working authentication). Make sure to include brief descriptions in each screen.

Screens to create:

1. **Login Screen**
    - App logo or title
    - Email/username field
    - Password field
    - "Login" button
    - "Forgot password?" link
    - "Don't have an account? Sign Up" link
2. **Sign Up Screen**
    - Name field
    - Email field
    - Password field
    - Confirm password field
    - "Sign Up" button
    - "Already have an account? Login" link
3. **Dashboard Screen**
    - Welcome header
      Ex. ("Welcome, User!")
    - Profile icon/avatar
    - At least 3–4 cards or menu items (e.g., Profile, Settings, Messages, Logout)
